EXPERIENCE COUNTS

Recently I was checking out my boyfriend's stash of Plumpers when I came across Angel Girl's pictorial in your last issue. Her story really surprised me because I thought I was the only young porker around who appreciated what an older man can offer. My name is Amy. I'm a 19-year-old blonde with a 40DD-42-45 body that weighs in at a whopping 225 lbs. and I've had the hots for Jim, my 65-year-old boyfriend, ever since we met last spring at a potluck supper given by the tenet's association of the senior care complex where my Grandmother lives. Jim is one of her neighbors, although I wouldn't call him elderly. Sure, his hair is snow white, and he has a few wrinkles, but he's in good health, has a lean, sturdy physique, and is quite energetic. Jim and I hit it off immediately. He was so charming that even when he openly ogled my voluptuous assets he did it in a courteous manner. I'll never forget our first date. It was dreamy! He took me to a fancy restaurant for an elegant dinner then we went dancing at very exclusive club. All the attention he lavished upon me combined with the way he held me in his arms as we glided around the dance floor quickly got my hormones in an uproar so by the time we returned to his apartment I was wicked horny.

We began making out on Jim's living room couch and soon he had me naked to the waist and was nursing tenderly on my floppy milkbags. His nibbling lips made me so horny that I didn't resist when he removed the rest of my clothes, laid me back on the cushions, and squatted down to eat my pussy. Jim is one fantastic cunt lapper! He started out slow, increased his

wild tongue action as my oversized hips went into high gear, and didn't back off until I was creaming all over his rugged face. I was embarrassed about making such a mess, but Jim simply laughed and led me into the

bedroom where he stripped to the buff and sprawled out on the bed so that I could deep-throat his veiny ten-inch cock before he rolled me over to bang me through another earth-shattering orgasm.

"Ready for more, sweetheart?" he whispered in my ear.

Unable to speak, I nodded, and in a flash I was on all fours taking his rigid ramrod up my snatch from behind. What a stud! I frantically tucked a pillow under my swaying jugs, dug my chubby knees into the mattress, and jacked my broad assmounds rearward at his drilling dick, hoping to trip his switch. It worked. After several intense minutes of heavy pounding, Jim released a guttural moan and dumped his load in my twitching cunt - but not before I popped my cork again!

Jim and I have fantastic sex all the time now. I agree with Angel Girl - when it comes to being totally satisfied, no one does it better than a senior stallion.

MACKENZIE YOU MAKE ME CRAZY

As a pierced man myself let me compliment you on your fantastic piercings! There's something that a pierced chick understands that the "non-perforated" just cannot grasp. For me, it's the cold hard metal just underneath the surface of such warm smooth flesh. Just thinking about it now gets me all tingly. If you'll indulge me I'd love to ask you out. Here's how I envision our date going down.

First I'd meet you at your favorite place, I want you to be comfortable and ready to have a lot of fun. From reading your words in Plumpers I know we could have some serious fun! You'd come in to the place wearing a low cut top that displays your heavenly boobs and a short little skirt that hides a little thong beneath. It will be difficult for me to stand and greet you properly as my hard-on would be straining against my pants. Wrapping your arms around me we'd greet each other with a warm hug. Your soft body would press against my body and your thigh would touch my erection and with a smile you ask me if that is for you.

We'd start with some drinks and then we'd order dinner. We could just unwind and dig on each other's vibe. From there we'd grab a cab and head over to my favorite piercing parlor. By now we'd be feeling pretty good from the food and drinks and we'd have to get frisky in the back of the cab. I would instruct the driver not to take us anywhere just to drive around for a long while. That way we could get crazy and still play safe. Smart, eh?

Plus it always gets me going whenever I'm doing the exhibitionist thing. Something about being watched while getting freaky with a hot chunky chick like your self... it's ecstasy. Back to how I'd slowly devour you... I'd pull down your top and pull on your pierced nips with my teeth and lips. Slobbering all over your soft cans I drink in the salty sweet taste of your warm skin. Moaning in appreciation you'll push my head down until I am face to face with your lovely slit. Diving in face first I'd suck on your clit and worm my tongue deep into your front crack. Grasping your asscheeks in my hands I'll pull you closer and munch on your pussy like a hungry horse and his feedbag. The entire time I'm slurping up your tangy girl cream, you grip the back of my head with one hand and tweak your nipple with the other. Once I start eating your snatch I'm not coming back up for air until you explode! Wearing your pussy juice on my chin I give you a long deep kiss and you tell me it's time to get real nasty.

At that point you beg the driver to skip the piercing parlor and just take us to your place and with a grin the horned up driver agrees. After all you just invited him back upstairs to make our dirty date a nasty three way...

EVERY NIGHT IS LADIES NIGHT!

Oh wow Jenny your pictures were awesome! I'd love to be able to just jump through the pages of the mag and land smack dab in between those lovely mam-mories of yours! Those lovely jiggly jugs of yours would make for one sweet landing pad. When I was reading your story about tending bar and taking care of the reg-ulars you got me to thinking...

Taking care of customers is one of the slogans or catch phrases you hear spouted out all the time. However, no one has ever "taken care" of me the way I want to be taken care of. For example, in your story you talk about banging dudes at the bar after the joint closes down for the night. THAT is the kind of service I want! I don't believe anybody would turn down a special servicing, especially coming from you, do you?

In this perfect world you are the gorgeous full figured bar-keep who specializes in a heavenly nectar that makes men lose their minds. I sidle up to the bar and order two rounds of your delectable potion. After one swig my eyes start to spin and my entire head is filled with an all-encompassing heat. Another shot and my cock gets rock hard and my urge to fuck the daylight out of the hot bartender increase seven-fold.

Working up my courage I motion you over and ask what's inside the drink that makes me so horny. Jenny, you just smile that killer smile of

yours and breathily whisper that you'll take me to your lab for a personal tour. Waiting patiently until closing time ratch-ets up my sexual desire even more and as the last barfly leaves you announce to me that "it's time."

Pulling me behind the bar you first tell me that I'm gonna have to earn your trust. I declare that I'll do anything to get the recipe. At that, you shake your hips and pull the skirt you have up to reveal your panty-less pussy. My cock almost bursts upon seeing your glistening cunt and without a word my fingers and tongue set to work. Your pussy tastes so clean and delicious I lose myself in your slice of Nirvana until your entire body begins to quake. The only warn-ing I get is a slight tug at the back of my head and then you erupt in streams and streams of pussy nectar.

Pushing me backwards you hold a glass to your snatch and catch as much cunt sauce as possible, "Ahh the secret ingredient," I say wiping your sweet honey from my lips.

Grimacing and shaking your head, and planting a full kiss on my sticky lips you lean in to me and say "No no no, sugar, it's the ONLY ingredient!"

EXOTIC ESSENCE

This letter is for Essence, the lovely black babe you featured in your last issue.

Hi, Essence! My name is William and I wanted to let you know how much your pictorial turned me on. I've always been into fatties, especially black ones, and your curvy, 300 plus pounds really got me off. Have you ever thought of becoming a professional stripper? The reason I ask is because you seem to enjoy teasing men and there's a big market out there for a robust girl like you who isn't afraid of flaunting her goodies. I hit the strip clubs all the time and the guys I talk to tell me they wish the dancers were heftier!

There's only one plump lady that I know of on the circuit. Her name is Bon-Bon, and she's an ebony goddess like you, only my guess is that she's maybe fifty pounds lighter and her tits are

smaller. She's still a handful though and whenever she's appearing at my favorite club I'm right there in the front row. Bon-Bon always has the longest line of dudes waiting for a private dance, too. In case you're not familiar with the term that's where the stripper takes a man into a small room and puts on a special show just for him. There's not supposed to be any touching allowed, and definitely no sex, but if the pervert has enough money he can get what-ever he wants once the door is locked. This is also why I'm encouraging you to get into the business, Essence. A porker of your caliber and your apparent sex drive could make a lot of bread. Here's what Bon-Bon does for example. First, she sits me down on a little couch and slowly reveals her ample charms, then bends forward to rub her coco-colored jugs in my face while I pull my dick out. Bon-Bon doesn't care; she'll continue shaking her awesome rolls around until the music stops unless I toss more money on the floor. The minute she sees those bills fluttering in the air she automatically switches into whore mode. Sometimes she gives me a boobjob or sucks me off, and sometimes she lets me fuck her, depending on my mood. My personal favorite is for her to back up on my cock so that I can watch her enormous, chocolate assmounds quiver as she bounces on my rod. Unfortunately, Bon-Bon has this rule

about ejaculating on her bod. She'll swallow, and gladly take a load in her snatch, but if you try to pull out at the last second you'll find yourself messing your jeans because she'll be gone. That's where you could clean-up big time, Essence. According to your article, you dig cum baths and a true fatty freak loves glazing a poker's fleshy folds in steamy nut butter.

I've enclosed the name of my favorite club and who to contact there, should you be interested. I hope you take my advice, Essence. I can't wait to get my hands on you for real!

NATASHA

Natasha is NAUGHTY! I didn't come by this nickname lightly you know? Declares the delightful Natasha as she settles into a comfortable chair. Opening her thick thighs to give a peek up her skirt, Natasha leans back and starts lightly touching her massive cups.

"These are some of the best natural set of tits you've ever seen right," she purrs as her hands start massaging her breasts stronger. A breathy moan escapes her pouty lips and Natasha closes her eyes and shuts us out of her fantasy.

"My favorite fantasy, and the one that ALWAYS gets me off is kind of involved. I imagine myself to be a burlesque dancer in an old time saloon or something. All the guys know me as a stone cold bitch with a killer rack and and curvy bubble butt. None of them have a chance with these fleshy curves and they know it. I love to gyrate my jiggly mounds in their face and wave my plump ass in their laps. The scent of my sex pours out of my perfumed skin and I fill the room with the intoxicating smell of my ever increasingly excited cunt, It takes a special guy coming through the door to break my evil spell on the guys in the saloon. He ignores me at first which only drives me wilder with passion. Much to the delight of the regulars I keep on peeling down layers of my outfit trying to capture his attention. It is to no avail. I am left in my barely concealing lingerie top and bottom. And still the stranger does not look away from the floor.

Getting desperate for this man's attention I get on all fours and crawl over to him. My full breasts swaying back and forth like pale white pendulums in the breeze. My curvy behind pointed way up in the air like a cat in heat. A close watching eye can see the rivulets of girl cream soaking through my damp panties and running down my thighs. Upon reaching the disinterested man I lightly nibble on his ankle as I rub my face neck and torso up his legs until I am face to face with the stiff rod in his pants. "So you were watching..." I think to myself as I continue to scale his body and cover him with mine. Sitting in his lap, I pull his face forward until his head almost disappears into my deep valley of cleavage.

Without anyone noticing, I pull his cock and balls free from his fly and with a quick wet slip I mount his prick. We both gasp as his thick stick drills me deep and fills me up. I lock my fingers behind his neck and grind, grind, grind on his lap. To everyone watching it seems like I'm teasing this poor fellow and really working him up with no payoff. Little do they know he is fucking me in front of the entire gathered audience!

With a few more grunts and groans, he cums deep inside me and my pussy erupts in earthquake-sized tremors of pleasure. It takes me some time to recover but I wipe the sweat from my eyes and kiss the guy on the neck and silently hope that my stranger comes back. And that's where my fantasy ends and my orgasms begin.

My god, I'm all a mess right now. Like I said it works every time! 🍷

BOOM BOOM

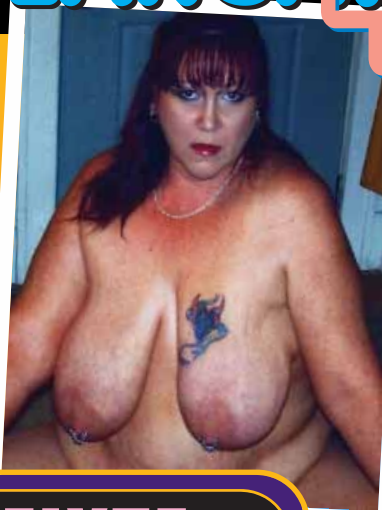

300 pounds, 5'8", 44D-39-56, 25-year old, BoomBoom comes to us from Washington State and has "waited a long time to work up the nerve to enter the Plumper search." When asked how she got her nickname, BoomBoom says it's from her career as a horse trainer and groomer and that someone first called her that after observing her breasts bouncing as she rode. She tells us that she's "never encountered a horse she couldn't handle." When asked if that ability comes in handy when it comes to handling men, she smiled and said that, "handling a man was much easier because if you know how to make him feel good, he's pretty much tame after that." BoomBoom tells us that she loves tall men that are well endowed and know what they like, doing it doggie-style and Greek food. "I also love to study human nature and watch comedies. "If a man can make me laugh, I'll do just about anything."

MODEL SEARCH!

DEVIAN DELYTE

At just over six feet tall and 240 pounds, this small town Oklahoma girl can sure stir up a bit of excitement! You might recall the story a few months back about the wife of a highly regarded and well-respected Police Chief who had the national news circuit all a flutter because she was posing in the nude. "I think first amendment rights apply to me as well as anyone else. I honestly don't get what all the hullabaloo is about. Thousands of women pose nude for magazines and the Internet every day, and yet it somehow isn't acceptable if I decide to do the same thing! I guess what hasn't sunk in is that if they weren't so busy looking, they would never have known!" Well, Miss Delyte, we do indeed all like to look and we're pleased to have you bare it for us here in PBW. Let's hear it from the readers to see if we can get you for a full layout and really shock those folks!

KATIE

27 year old, Katie is 5'5", 257 pounds and is proud of her full-figured 48DDD body. Says, Katie, "My fantasies aren't really fantasies because I'm lucky enough to have actually done them. Like, for instance, be with another woman while my husband watches." In spite of her exciting sex life, our amateur model says that she is pretty much a homebody who loves to cook Italian food and garden. "I would love to be featured in PBW because it would be fun to know that people are looking at me and liking what they see. It's a turn-on for me to think that guys are getting horny looking at my pictures."

Lea works in advertising and knows that packaging ideally reflects what's inside. "I hope that these pictures show that I feel sexy and confident. It takes a lot of courage to just take off your clothes and put yourself out there for so many men to see your nude body. I wasn't sure if I could do it, but as soon as I got started I felt great. I hope the readers enjoy my photos, because I would love to pose for more of them!" When she isn't posing for nude pictures, Lea enjoys camping, fishing and riding her motorcycle. PLUMPERS & BIG WOMEN 21

LO

ORE LAI

Being a big beautiful full figured chubbette has never interfered with Lorelei's love life. Quite the contrary, this queen sized cutie enjoys sex to the ultra max, and with a stable of several very hunky, very horny boyfriends more than eager to make full use of her super sized, super sexy superstructure, Lorelei often finds herself in a sublime state of supine, satiated sexual satisfaction, staring up at the ceiling in after an evening – or morning – of erotic acrobatics.

"I have a very heavy libido, and I like a lot of variety in my love life," this sexy receptionist told us. "I like a lot of positions, a lot of foreplay, a lot of intercourse, and of course, I like to pleasure a man with my mouth. I like to drive a man crazy with my tongue, I like to hear them beg me not to stop," she smiles, mischievously. "And I have to admit: I like a variety of men, a lot of men, different shapes, different sizes. Sometimes," she grins shyly, "two inside the space of a day, although I'm not into threesomes – not just yet!"

But Lorelei says it's not always easy to find men willing to share her glorious body and carnal charms with other men. "My lovers have to be, I suppose, tolerant, and willing to accept other men in my life. I wouldn't say I'm promiscuous, no, because I am quite choosy about who I get down with. I certainly don't take all comers. I won't sleep with anybody. But I would say that I am just as much a player as any man. And if a guy wants to go out with me, he just can't flex his muscles, show me his tattoo, or give me a wink and a nod. No, he has to show up at my place with flowers and chocolates, dressed nice, and take me out on a date, to a nice restaurant, or a play, buy me perfume, and really get to know me, before he gets to have the greatest experience of his life: sleeping with Lorelei!"

Once in bed, Lorelei loves nothing better than to smother a man with her abundant flesh. And she likes making love a lot, almost all the time! "It's first thing in the morning, last thing at night, for me," says Lorelei. "I love hearing a guy cry out in delight when I roll over in bed and completely cover his face; I love to feel their big hard-on pressing against my rolls of flesh, with his face between my breasts. My latest lover, Julio – currently, I'd say he's my favorite guy -loves having his face completely covered by my breasts and I love feeling his warm breath between my two big friends. And I love feeling him suck on my nipples. That gets me so hot! I just have to climb on top, slip him inside me. . . and crush him completely with my large sized love!" ★

Good Sex Refresher Course. Don't worry, there isn't a test or is there?

Hey PBW lovers! Several times a year I'm fortunate enough to be able to sit down at my computer and have a friendly, sexy chat with all you readers. Admittedly, it's not always easy to find fresh ways to approach our oldest form of pleasure. Yet, just when I think I've run out of ideas, you guys email or write and get me thinking in a new direction. I am the last person to suggest I'm close to having all the answers, but my huge circle of friends and professional contacts always manage to point me in the right direction. In addition to a great world-wide (isn't the Internet great?) gathering of gal-pals, I also have a couple of medical experts and a sex therapist or two that is available to give me a leg up when I'm stuck. When I don't necessarily need an expert opinion, I can always just visit a sexy chat room, introduce myself, and have no shortage of "regular guy" insight to help me out. Without that help, I don't think I could do what I do. Let's face it. No way could I possibly anticipate all the questions, read all the books, watch all the x-rated movies, do all the hands-on research or play with all the toys, vibrators and massage oils myself. Although it might be fun to try, it sounds a bit exhausting and

21583

there is the question; would I ever get anything else done? So again, thanks to all the great readers, my friends and email buddies for your continued support and inspiration. You're always there when I need you!

On that note, I thought it would be fun to tackle a few commonly asked questions and get a few different perspectives on a variety of topics rather than tackle just one subject in depth. This month is sort of a snack buffet of sexy tidbits instead of a main course. I'm sure there is something here you will find informative and useful. I was a little surprised at some of the off-the-wall

22599

things that even really smart guys didn't know, both anatomical and emotional about the boy/girl game of sex.

A Few Commonly Held Beliefs.... Shot Down

If your performance is off... the relationship is doomed?

So, I'm in a chat room and this really articulate and interesting guy emails me what must have been a difficult question. "Is it true that if you ever have a problem performing in bed that a woman will pretty much write you off?" Immediately I'm like "What?" Does he honestly believe that women feel that way?" Apparently he wasn't alone. Several other guys had the same concern. It seems you guys think that bed performance is the do all and end all of a new relationship. Newsflash! It's not. Not even close. Women are far savvier about the intricate workings of the male sex machine than you realize. We know if you are tired, preoccupied, taking medication, worried, uncomfortable or nervous that what the brain desires the body may not feel like delivering at the time. When that particular challenge arises, or rather, fails to; women assume extenuating circumstances and are far more concerned with how you feel about it than they are put off by it. The worst thing that crosses a woman's mind is that it is somehow her fault. Maybe you don't desire her or she doesn't turn you on. If you immediately address that worry and kiss and snuggle and tell her you are waiting for a rain check, I can assure you it's not even a teeny blip on our radar. If you don't make a big deal out of it, we're just relieved that you have a realistic approach to the whole matter and we don't have to deal with you being upset by it. Understand that for a woman, satisfying sex can be a complicated, often elusive matter and we absolutely understand that not everything can go off without a hiccup now and then. So gentlemen, take it from me (and every woman I know). If now and then

"Mr. Happy" won't cooperate, just blow it off, snuggle with your honey, and wait it out. As much as women like sex, we like the guy we're with even more.

Women crave being held and snuggled for hours after sex?

I know there are sources out there that have been brow beating you guys into believing that your partner needs to be held, coddled and petted and fondled for an extended period of time after doing the deed.

Supposedly this is so we feel "bonded". This is true.... then again, not. While we don't particularly relish the

idea of you rolling off and turning away with a yawn,

there can also be way too much of a good

thing. If you believe that your sweetie wants

to be held in a spooning death-grip for

hours on end you can relax and put

that thought out of your mind. In

fact, I had a few gal pals say that

they had to sneak to the other side of the beds just to get

some no-hands-on rest. Don't

assume, in spite of what you

may have read, that all

women need all this after-sex

attention. So how do you

know what to do? You would

basically just like to roll over

and go to sleep. You've been

doing the whole snuggle rou-

tine to satisfy us in the first

place. After a lusty romp, the

best thing you can do is kiss

your partner, gently brush the

hair out of her eyes, hug her

warmly and invite her to rest

her head on your shoulder. If

she takes you up on your

offer, let her lie there until she is asleep or moves on her own. This way you can drift off to sleep guilt free and she won't be imprisoned in an uncomfortable snuggling position. Sometimes too much of a good thing is just too much. The best thing to do to keep out of trouble is let her make the call. Who knows? If the sex was over the top and totally exhausting, she may be the one to drift off to sleep first and you're off the hook altogether.

Women never just want meaningless sex ?

As much as some "proper girls" would loudly protest at this, I'm going to confess that often women are just as plain horny as you are. I know for a fact that most of you guys don't really consider that a possibility. You are under the impression (again, with the bad info) that every time we seem to really like you and seem open to hooking up that we are always auditioning boyfriend or husband material. The key to knowing where you stand when you meet a woman you find irresistible is to ask what her intentions are. That way you know whether or not you should proceed with the advances without misguided chivalry or guilt taking over the evening. Often women just want to have hot jungle-animal sex with no strings attached...no flowers necessary. Don't assume that when a woman is receptive to your advances that she has any intention other than having as much fun as

you are. If you are open and blunt it will avoid any problems later. Sure, you may strike out because she had more in mind, but that is the risk you take. Look at the upside, by being right up front about it, think of all the sweaty, hot, meaningless sex you may end up having instead. A word of advice here: For that open, blunt style to work you need to know that disrespect and bad language is never appropriate. Even a woman that is horny and ready for a no strings romp will turn you down if you are cocky or rude.

Manners gentlemen! A Few Things your Lover wishes you knew

Even if you and your partner are sexually open with each other, chances are there are still a few things she hasn't divulged. Here are just some of the things I know women crave and don't always know how to tell their partners.

Take Control

I know that sometimes women seem to like the idea of being in charge of things, but sometimes we really do love it when you take an "I'm the boss" attitude in the sheets. Women today often lead stressful lives with lots of responsibility and sometimes there is nothing we would like more than to just relinquish control. When a

man is in the driver's seat it's just easier for us to lie back and lose ourselves in every sensation. So even if she may not always admit it, a woman does like it when you can take charge. Granted the day when you just clunked us on the head for foreplay and dragged us back to the cave may be long gone, but a little of that need to be overcome still remains buried somewhere in our DNA. There is something very sexual and primal about totally surrendering ourselves to a powerful lover.

Sometimes We Want a Quickie

Ok, so ninety percent of the time women do need a lot of warm up before the main event. But, there is this craving, every now and again, to simply just get down and dirty with a no frills, hot quickie. Sometimes we do just crave the rush of instant gratification. There is something naughty and primal about experiencing the rush of pleasure without the preliminary lovemaking process. Giving in to pleasure the moment that desire strikes can be very exhilarating and even give a real shot in the arm to seemingly routine sex. Also keep in mind that urgent, gotta-have-it-now sex can also make a woman feel like she is so irresistible that you just couldn't control yourself a moment longer.

Here is one last frisky fact. The odds are really good that your honey is dying to pull out all the sexual stops

and go a little crazy in the sheets. So what's the problem? As much as we like to fight it, society has instilled a "nice girl" gene and we're often afraid that if get too naughty, get a little vocal, or reveal too much, guys will get intimidated or think we're....well.. slutty or something. Fortunately for you, it's in your power to give us permission to be as bold as your heart desires. Sure, I'm occasionally surprised by some of the things guys (and gals, too) don't know about our favorite subject. But I'm often just as surprised by what we thought we knew and had wrong. I think the secret to great sex, is the simple realization that there is always something more we can learn....and isn't the homework fun?

Till next time...

BUXOM CANDY

With a handle such as Buxom Candy, there isn't much left to the imagination. You get exactly what you came for; a giant factory of tasty sweet girly goodness all wrapped up in a stunning package.

Bursting with personality, Buxom Candy tells us, "Too many dudes believe that us big girls are asexual. Well, these guys are in for a rude awakening. This big chick can't wait to fuck! I find everything about fucking to be delicious; the smells, the sounds and of course the all over body sensations. I am here to show any doubters out there that this pussy is sweeter and hotter than any pussy some skinny girl may have! I am all about getting sweet and especially sticky with a guy who can turn this motor over and get me rolling.

"Seriously, what red-blooded American is gonna turn down a chance to suck on these big old hooters huh," challenges Buxom Candy. "I want to give them a lick and I see them every waking moment of my life." As she talks, Buxom is indeed playing with her considerable assets. "It feels so good to let some guy experience these funbags for the first time. The

sheer excitement of sticking his warm wet prick in-between my fleshy folds is usually enough stimulation for most guys.

I've never given a guy a titty-fuck before that didn't abruptly end within three minutes. It's almost like they can't stand all the pleasure and HAVE to spray my chest with their sticky streams of jizz.

I love cum so when they tell me they can't take any more fun I hold up my boobs in front of their cocks and beg the guy to shoot his goo all over me. Lapping up his silvery cream transforms me into an insatiable fuck maiden and out come my special toys!

If a guy can't jump right back into the ring my toys can do the trick until he's ready. I swear the sound of my vibe getting clicked on and burying itself inside my slit is my favorite noise in the whole world. It's so satisfying to hear the snap of juice powering up my trusty vibrating friend. With vibe in hand my partner will tease my tits and run the buzzing tool all over my torso. When it drops between my thighs I almost black out from pleasure. Riding that fake cock as it slips in and out my hole causes my hips to involuntarily buck and my lower lip starts to quiver. Building in pressure the dam suddenly breaks and a flood of girly pussy cum squirts from my cunt and runs down my thighs and coats my lover's hand in sugary sticky syrup. At that point we both collapse and enjoy the fleeting electricity that tingles over both of our sweaty bodies. Until we're ready to go again that is..."★

It's great to see fat chicks getting royally fucked. Too often we get releases where the guy doesn't know how to handle a girl with a few more pounds than he's used to. Not so with this picture. Each chunky chick gets deep-dicked fast and hard and tries her best to keep up with the fierce pounding she receives.

A pretty blonde with thick thighs, cute feet and gigantic tits teases the camera as she talks with the cameraman. Drink in this chubby babe as she works her pleasing pounds for the lens. Out pop her big jugs and here comes a thick cock for her to fellate. All that cock sucking has made more than his prick wet so Christina offers up her pussy. On her knees with her big butt pointed at the sky the guy mounts her from behind and starts to fuck her shaved slit. There's some pussy to mouth when

they change positions, and that is always hot to see. Christina rides his cock in cowgirl and reverse cowgirl and she fucks him good. Before popping his goo the guy humps her big tits and leaves his sticky spot on her jugs.

Karla Lane is a portly

package of caramel colored punani who plays up her cuteness while disrobing for the camera. You'll dig this chick in that "fat girl from the office" kind of way. Unleashing her tits, Karla cups her boobies and rubs her large nipples. Once totally naked she sits next to a naked black dude on the couch and blows him.

The cute Latina fatty knows her way around a dick and gets him ready to fuck her silly. On her back she gets fucked progressively harder until he pulls out of her snatch for some pussy to mouth action. We get some cowgirl and some doggie before the guy coats her tits with drops of pearly white cum. Karla samples his spunk as she cleans off his rod with her talented tongue.

Vixen Jayde is a powerhouse of sexuality about to burst. Stand back and let this train gather steam and charge down the tracks to ultimate pleasure. Vixen is the biggest chick so far and she is definitely the most vocal. This scene lacked something I can't put my finger on, but it left me wanting more.

Thankfully Wonder Tracy was up next to deliver the goods. It's a solo scene but Tracy uses some tasty drippy props to get herself off. Fetish fans will find something to really sink their teeth into as the scene slowly unfolds. It's a great end to a fun flick. With any luck

we'll see Wonder Tracy again, except this time with a partner! —G. Park

LESBIAN HEAVY HITTERS

Heat Index: XXX

STARRING: Lana, Melinda, Rosalinda, Erika, Lola
DIRECTED BY: Zoltan Gyarmati

AVAILABLE FROM: Heatwave
RUNNING TIME: 90 Minutes

I love big girls! In my mind there is nothing sexier than a large and in charge woman with curves on top of curves. Delicious! However, there is something that is almost too enjoyable to bear, and that's plus sized lesbians! Get out the lube, some tissues and a bucket of ice; your cock is going to take a beating while watching the chunky cast get all sorts of funky with each other.

The nice thing about Lesbian Heavy Hitters, it brings the gals outside for some al fresco pussy munching. There isn't anything like a nice spring breeze to accentuate the taste of fresh beaver. Bringing this flick up to steam are

a slow stream. Rosalinda suckles Erika's mams and soon Erika returns the favor. Within seconds both are stark naked and fingers start plunging holes. Rosalinda is considerably chunkier than Erika and takes on the aggressor role early. Erika takes over halfway through the action and uses her giant tits and fingers to bring Rosalinda to a powerful orgasm. Both gals play with their pussies and make out until the scene ends.

Melinda will hypnotize you with her jiggly fluffy body. The camera catches her outside with a watering can as she tends to some plants. Clothes start to peel off in the summer heat until she's down to her bikini. Dig how she lets those folds of flesh dance as she shimmies for the camera. Neighbor and fellow chunker Lana offers a hand and possibly more to the half naked Melinda. Lana is the prey as Melinda devours her older partner with gusto and a true taste for twat. Melinda strips her

neighbor naked and they rub their floppy titties together. The action never really took off, as it seemed both girls were more into themselves than each other.

Rosalinda returns to get worked over

by the dominating big blonde Lola. In an inflatable kiddie pool Lola rubs cool water all over her naked soft flesh. Rosalinda steps into the tub for some attention and Lola is ready for her. Rosalinda and Lola take turns eating pussy and finger-fucking each other until both are left spent and panting in exhaustion.

OUTGHERS

I never wear panties!", exclaimed Dutchess after we asked her to strip down to her bra and panties. "Panties just get in the way", purrs the chunky cock-sucker as her bottoms hit the floor and her hands cup her juicy tits. Dropping her head and looking up with her fuck-me eyes, she continues "Besides when you're trying to catch as much dick as I am, those panties can be a real inconvenience.

A week ago I was out shopping at my local mall. The back of my neck started to get warm, like somebody was checking me out. I slyly looked over my shoulder and caught a good-looking dude giving me the eye. I let a smile cross my face as I turned around, shook my thick ass and I walked away.

The same guy kept following me and caught up to me in the lingerie area of the department store. Brushing up against me he whispered "Watching you shop gets me so hard," and I felt his hardness against my thigh. My entire body shook inside and I let him lead me into the dressing rooms.

We had barely pulled the curtain closed when our mouths locked onto each other and the tongue wrestling began. Pulling down my sheer top his thick fingers grabbed my attention-starved titties. Slobbering all over them his tongue flicked my nipple as his lips gently engulfed my areola. Anyone who knows me is aware that my clit and nipples are hardwired together and by accident I let out a large moan."

"We're gonna have to do something to keep you from making so much noise," my anonymous woodsman whispered playfully. "Turning around I got face to face with his

straining zipper and proceeded to unleash his monster. His hard thick rod dropped from his zipper and nearly poked me in the eye. My mystery guy didn't wear drawers either! I opened as wide as I could and tried to swallow his entire length.

Kneading my tits in his hands he scooped them up and started titty fucking me. It was too dry to keep on going so he jammed his cock in my mouth again as I strummed my clit. Getting my fingers coated in girl juices I pulled them from my pussy and he licked both of them clean. This really turned him on because he shot stream after stream of hot white cum down my throat. There was so much it spilled from my lips and my tits were splattered with silvery spunk. Not wanting to waste a drop I licked as much cum off my tits as I could and got re-dressed.

When I turned around my bid dicked friend was gone and I would have sworn it was all a dream but I have the cumstains to remind me." ☆

A photograph of a woman with long, wavy brown hair lying on her back. She is smiling and looking towards the camera. Her large, light-skinned breasts are prominent and resting on her chest. She is wearing a dark, possibly black, top. The background is a light-colored, textured surface, possibly a bedsheet or blanket.

MONET Stackxx

22494

We have a big thing for Monet Staxx and her big juicy pancake sized nipples, and she has a thing about them too! "I love sucking on my own nipples," says Monet, unclamping her lips from her left breast. "It gets me so excited! My pussy gets wet just thinking about it! Look at these big babies!" she says, showing off her perfect, bell shaped breasts and stroking her nips until the tips harden and pop out like bullets. "Oooo... they just love to be fondled, squeezed and

sucked," the plus sized cutie confessed to Plumpers, fresh from a hot shower after a long morning of hot sweaty lovemaking with her boyfriend. "That's because big girls like me love lots and lots of hot, sweaty sex," says Monet. "Check it out, baby, it's a fact: the bigger the lady, the bigger the sex drive!" This horny, hefty honey with a cute, cocksucker smile has charmed many a guy over a mai tai and pot stickers at the club where she serves admirably as a hostess, dancer and an occasional bartender.

A proud twenty-something plumper, Monet loves nothing better then to meet, date and mate, and guys fortunate enough to do just that soon find out that once the small talk, the cocktails and the steak dinner are past, the sex crazed Ms. Staxx can easily spend long, languid nights and days between the sheets, sucking cock and having her beautiful brains thoroughly fucked out. Finally, once her stud de jour has been drained into a stupor of sexual satisfaction, and can fuck no more, or for that matter, even move his tongue, Monet will still be playing and pleasuring herself to just one more sheet-gripping, earthquake style orgasm with her mind boggling collection of exotic dongs, dildos and vibrators. The bottom line on this big bottomed beauty is: when it cums to cumming, she can't get enough.

"I have a dildo for every occasion, because I believe pleasure is pleasure, no matter where it comes from," says Monet, grinning and gasping as she greedily inserts a long hard dildo deep into her wet, slippery vagina, and starts pumping her pussy. "I love to get off, whether it's with a warm hard cock or a well lubricated dong. Of course, I suppose a real cock is even better, as long as it is big and stiff, and thick. And the guy who owns it has to have lots and lots of staying power, he's got to be able to go all night, pretty much relentlessly. And finally, when he cums, he's got to get off bigtime – he's got to be able to shoot gobs and gobs of thick milky scum, deep into my tight pussy, or, if I have him in my mouth, down my throat!" Monet smiles. "I swallow, you know... when I don't, I let it drip down my chin, and all over my tits!"

Ms. Monet – you are so yummy!★

Love Bites: The Undeniable connection between the love for food and the love of sex:

21582

As I began to collect my thoughts on what I'd like to talk about this month, it dawned on me just how far

ahead of the game you wonderful plumper aficionados are when it comes understanding seduction and sexuality. Any skillful lover knows that great, rock your socks sex isn't just about technique. It's all about sensuality. Real sexual intimacy results only when we become fully absorbed in the experience with all our senses. For a woman to fully enjoy sex, this multi-sense stimulation is almost a necessity. It's this awareness that brings me to many plumper lovers favorite mind-body connection. Not a week goes by that my mail doesn't contain at least a dozen letters from readers expressing how much they love to see plumpers enjoying food. On occasion they've gone into elaborate detail with regards to a particular photo of a pretty plumper covered in some creamy concoction, and confessed how it made them voraciously horny. I understood exactly what they meant. The enjoyment of food and the enjoyment of sex have several things in common. To be thoroughly savored, all the senses must be engaged. This enduring relationship between food and sensuality is undeniable, and this month I'll try to elaborate a little on the why and throw in a few how-tos.

When something literally makes our mouths water with anticipation, it isn't triggered by hunger alone. It begins with visual recognition that the dish is appetizing. It looks delicious and past experience has imprinted the knowledge that it tastes as tantalizing as it looks. I get the full impact of this fact as I visualize a freshly baked pie or a platter of brightly colored fruit. In addition to visual stimulation, we are also strongly attracted by scent. Who can deny the tantalizing, sweet fragrance of strawberries, for example, or the heady aroma of cinnamon or freshly baked bread? You need only read the word lemon, for your mouth to water in tangy, sour anticipation. You can taste the sound of a hot sizzling steak, the crunch of a crisp apple, or that of a tapped brew as it foams into an icy glass. Even our tactile sense comes into play, explaining the appeal of richly textured foods that melt on our tongues, or

the many "finger" foods such as French fries and pizza or barbecued ribs dripping with rich sauce. At that point, the actual flavor of the food becomes the culmination of all of our senses. Hunger and the subsequent taste of the food, the motive for eating in the first place, becomes but one of the sensations we

21172

experience. Imagine how uneventful finally enjoying that first bite would be if we had been blindfolded and the food placed on our tongues. Scientific study has revealed that using only the sense of taste; people can't distinguish a slice of apple from a piece of onion or potato. The absence of scent renders our taste sensors useless. Apparently, single sense experiences are somewhat lacking when it comes to gratifying our need for fulfillment. We need input from several senses to fully enjoy the pleasures of another. This has been proven true in satisfying hunger and I believe it to be just as appropriate in satisfying sex.

Sex, should in a word, be delicious. This is why I believe so many men are beginning to enjoy the erotic appeal of plumpers. The readers of this wonderful magazine already know that big, beautiful woman are sexy, horny and have real appreciation for open sensuality. I hear from readers all the time that they have become plumper converts because the thin women they used to admire are preoccupied with how they look and not about how to treat their partners. While that may be true, I think it's our appetite for life that appeals to you. The simple fact is that we have enormous appetites and enjoy gratifying our senses. This translates seamlessly into our appetite and passion for sex. Perhaps by association, you assume that women who eat only out of necessity, without pleasure or joyful indulgence have sex much the same way. More and more indicators are that this is true. Self-denial, guilt and moderation aren't common plumper characteristics. Bountiful

babes, as you are all discovering, have endless appreciation for all things sensual. We relish eating with the same gusto with which we enjoy making love. We delight in the scent of masculinity with the same zeal as the smell of freshly baked cookies. We delight in licking chocolate from our fingers with the same pleasure we enjoy while going down on our lovers. And, just as your mouth waters at the sight and scent of beautifully prepared food, the visual of your plump playmate decked in lace with perfume subtly drifting from her cleavage makes you...um...hungry. There is no way to describe the taste of chocolate but as sensual, and I personally find the act of languidly touching my tongue to sweetened whipped cream or frosting on my fingers extremely arousing.

This clear relationship with food and sensual pleasure is apparently a common attribute of plumpers or...we wouldn't be plump! I hardly think we would devour delicious, calorie laden yummy things if we didn't find it enjoyable. We don't waste time lusting for a slice of cheesecake only to deny ourselves the indulgence. Quite the contrary. We assume anything that gives us this much pleasure can't possibly be taboo. We feel we deserve that piece of cheesecake, enjoy it shamelessly and perhaps even decide to have another. We accept without question that the more decadent something is, the

more fun it's going to be! Several Hollywood movies have also addressed this undeniable food/sex pleasure connection. Timeless classics such as *Tom Jones* and *9 1/2 Weeks* successfully portray this powerful connection with characters teasing, licking and tasting their way to mutual satisfaction. Several of you may also recall a particularly hilarious episode of *Seinfeld* where the George character had a date who seemed to cum after eating delicious food. She was never nearly that excited having sex with George (go figure). It was funny watching him attempt to perfectly synchronize the food and the sex. All of you guys, having long loved plumpers, won't have nearly as much trouble. This lusty association is something you all wholeheartedly embrace. **Of the many sensations involved in out-of-this-world sex, I believe taste to be at the forefront.** Plumper lovers fully acknowledge this, and I think this is why so many of you enjoy seeing a beautiful plumper eating. Could that also explain what makes oral sex, or even kissing for that matter, so gratifying? The most obvious way for George to have solved this cum after you eat dilemma was simply to have integrated the two pleasures. Too bad George didn't call me first. I could have guaranteed him the night of his life! Instead, I'll pass along a few suggestions to help you plan your own evening of sensual delights.

Wine List:

We all know that a fine wine complements the most discriminating haute cuisine, no matter what (or who) is on the menu. Here's a new way to enjoy it with your favorite dish. Pour a glass of sweet wine (red, Merlot or white, Vouvray, for example) and, in place of drinking it from the

glass, touch wine from your fingertips to your partner's lips. Let drops trickle from her lips to her tongue and anything that stays on her lips can be slowly and deliciously kissed off. Drops of wine can be kissed from breasts, nipples and belly buttons. If you decide to use champagne, here's a wonderful suggestion: As you take a sip, hold it in your mouth and then place your mouth over a nipple. The cold tingle of the bubbles will be a truly pleasurable sensation. I squirm just thinking about it. Yummmmm. If wine isn't your thing, this works equally well with your favorite sparkling juice or fruit nectar, the sweeter the better. What you use isn't nearly as important as how. The goal here is to savor the touch, the taste and fragrance of the experience, slowly and completely.

Just Desserts:

Take the time to prepare an attractive platter of fresh fruit and whipped cream. Use colorful, soft and pulpy, fragrant fruits such as papaya, melon, strawberries and kiwi. If you've never truly taken the time to savor the joy of food and sex, this will be an eye opening sensual event. Take pleasure in the appearance, touch, fragrance and flavor of the fruit. The entire process should be focused and unhurried. Take turns enjoying bites of fruit, feeding each other. Take a bite and let the juice linger on your tongue and then kiss your partner or simply touch the fruit to her mouth and kiss off the juice and pulp. As you become totally involved in this experience, you will begin to truly appreciate how significant our sense of taste is to sexual pleasure. This same process applies to the sweet fruit and dollops of whipped cream eaten from anywhere on the body. Your partner will have the added sensation of the cold juices on nipples, breasts and tummy. Take your time, and remember it's your turn next. Pass the whipped cream...Bon Appetit!

JUNE Kelly

“Did you ever wish you could have sound effects or theme music wherever you went?”, asks June Kelly as she bats her lovely eyes at us. “I sure do, and it’s almost always the raunchy porno music from the ‘70’s that’s playing in my mind. Of course these leads me to thinking dirty nasty thoughts and before I can help it my panties are soaking. Speaking of pornos, I wish my life could be one, and I try to make it happen as often as possible.

I was at home masturbating on the couch when my doorbell rang. A handsome chunky dude with a large package was standing at my door. ‘I hope that’s not the only package you’re gonna let me unwrap,’ I cooed at him and stuck my pussy juice coated finger in his mouth. That was enough signal for him as he tasted my sweet cream and closed my front door behind him.

I opened my shirt and his hands started rubbing my soft milky jugs all over as he twisted my left nipple between his lips and teeth.

Shaking in ecstasy I let out a soft moan and melted into his strong hands. Running his hands down my belly he teased my pussy by lightly tapping my panty covered clit with his fingers.

Reaching into his crotch I unzipped his fly in a casual way and stuck my hand into his pants. I nearly jumped out my skin as his massive tool sprung to life in my hot little hand. Bunching my skirt up around my waist I bent over the couch and presented my now sopping pussy to be presently fucked. ‘Are you gonna slip that package in my slot or not?’ I teased as my wet pussy winked at him.

Not caring about anything else but his rock hard tool, he slid his hardness all the way inside with one powerful thrust. I lost my grip on the couch and my head banged against the wall before I could brace myself for more pounding. Wet slapping sounds oozed out of the living room as we tried to fuck as fast and hard as two humans could fuck. The tell tale signs of my impending orgasm began to surface and I shook my ass like it was in fire. Arching my back and closing my eyes tight I felt his cock tremor and pump away deep inside my juicy hole. In seconds I came all over his cock and he exploded inside of me.

I collapsed like a heap onto the sofa cushions and my nameless paramour stood above me like a sweaty conquering hero. He gave me a smile, tweaked my nipple and like that he zipped up, kissed me on my forehead and disappeared!” ★
